#myEUSpace Competition

Dear partners,

Drum roll, please! It is official, #myEUSpace competition is here, targeting innovators and entrepreneurs ready to develop and commercialise innovative solutions that leverage EU space data and services based on Galileo and Copernicus. Going beyond the current space-applications horizon the, EUSPA-led competition will fuse and test new technologies in location-based services, smart mobility, smart agriculture, geomatics, and for the first time, quantum technologies.

#myEUSpace competition in a nutshell

+ €1 million prize pool + 50+ prizes + 2 Tracks + 6 innovation areas

Below you will find some information regarding the competition and ready to use social media messages, visuals, and more.
